

June 2021

29.5

PUBLIC NOTICE

The COMPTON WATERWORKS is a public water system subject to regulation under the federal Safe Drinking Water Act. Those regulations require the notification of customers whenever a violation occurs, and is the basis for this notice.

The water system failed to retain a qualified, licensed operator for the period of June 2021.

The U.S. Environmental Protection Agency sets national standards for drinking water and has established a requirement that certain public water systems must be operated by a qualified operator. The Arkansas Department of Health defines a qualified operator as a person holding an appropriate valid Water Operator's License based on the type of water system and population served.

Failure to meet this requirement does not necessarily mean that the water is unsafe or that alternate sources of water should be used.

The water system has hired Clint Welt - reg. for classes in Aug 2021 to begin his process in getting licensed.

(detail the action(s) taken to correct the violation)

Should you have any questions concerning this notice, contact the water system at 4703930 or the Engineering Section of the Department of Health at 501-661-2623.
