

PUBLIC NOTICE

The COMPTON WATERWORKS is a public water system subject to regulation under the federal Safe Drinking Water Act. Those regulations require the notification of customers whenever a violation occurs, and is the basis for this notice.

The water system failed to meet the requirements of the Rules and Regulations Pertaining to Water Operator Licensing during June 2023.

The Rules and Regulations of the Arkansas Department of Health requires each public water system to use the services of a qualified operator. A qualified operator is defined as a person holding an appropriate valid Water Operator's License based on the type of water system and population served.

The system will remain in violation until the requirements of the Rules and Regulations pertaining to Water Operator Licensing are met.

Failure to meet this requirement does not necessarily mean that the water is unsafe or that alternate sources of water should be used.

The water system has encouraged operator to take final test

(detail the action(s) taken to correct the violation)

Should you have any questions concerning this notice, contact the water system at 420-3930 or the Engineering Section of the Department of Health at 501-661-2623.
