Members present: Mitch Jones, Roger Turner and John Henderson. Clint Wilt and Wayne Hartlerode, absent. Quorum established.

REPORTS:

MINUTES: John Henderson

DIRECTORS REPORT: John Henderson WATER OPERATOR REPORT: None BOOKKEEPER REPORT: John Henderson

Motion was made by John Henderson to accept minutes as read, second by Roger Jones. Motion was made by Roger Jones to accept Directors Report and Financial Reports as read, second by John Henderson. Both motions carry.

UNFINISHED BUSINESS:

1. None

NEW BUSINESS:

- 1. Mitch Jones reports that www.comptonwater.com is up and running due to Veronica's hard work. He states that new things are added each month and that several customers are already using it. He continues by announcing that you can download files and review past minutes from 2014-15 and Veronica is going back as far as they can go. Roger Jones added that 2011 is as far back as they can go, beyond that has disappeared. Mitch adds that this is something that he thinks will give everyone information that they ask for and help answer questions.
- 2. Mitch Jones states that CWA has not had a rate survey since 2011, and that Arkansas Rural Water has asked us to do a rate survey. This survey has been started and is in circulation to see if our rates are in line with expenses. Mitch adds that Josh Freeman, main surveyor over AR, has been up here 2-3 weeks ago working with CWA, and gave a lot of good insight.
- 3. Mitch states that an attorney has started the process of going through all of the CWA bylaws and getting them up to date. He adds this is a work in progress that is going on right now.
- 4. Mitch Jones announces that as addressed in the last meeting, CWA is looking to hire a new bookkeeper/secretary. He states that CWA is taking applications or a resume, and encourages anyone that knows of someone with those types of qualifications to submit them. This position will be at least a 30 hour a week position, not a full time position. Roger Jones adds that it could be more. Mitch adds that this will grow into a full time

position as will the water operator position, in order for us to get this system the way that it should be to be up to standard. He continues with, if you want to get this job done right, you are going to have to have someone fully dedicated and living and breathing what is the water loss and the efficiency of this system. Mitch says CWA is not in the market to make money; we are in the market to take care of the customer and make sure they are getting the best value of the best water that there is.

5. Mitch Jones reminds everyone that in October of this year, CWA is going to elect new officers. It's the responsibility of about 400 different homes. Got to make sure the people out there get the right people for the job. Mitch states that he has spent a lot of time just

like these other folk do, and all he wants to do is keep everything out front.

6. Mitch Jones states that the 2015 audit is being done in February. Mary Decker "What kind of audit?" Roger Jones answers that it is an audit that is accepted by the state of Arkansas for the ARWA, like all the other audits being done. Mary Decker states "It hasn't been done that way!" Roger tells her that Josh with ARWas just out here. Continued outburst from Mary Decker. Mitch Jones states that for your information the audit is being done. Roger Jones directing to Mary Decker states, then why does the state not come in and stop us? The state is accepting what we are giving them, not accepting what she is saying. Continued outburst from Mary Decker. Decker states that we need an independent audit. Roger says call Branscum (?) in Marshall and ask for it. Decker persisted, Mitch Jones called meeting to order stating this was a business meeting. Mary Decker continues that an audit is not being done. Mitch state that it is. Mary Decker "Why can you guys not say that we will have an independent audit? Do you have a problem with that?"

REQUEST TO BE ON AGENDA

Roger Turner is seeking a line extension towards Red Starr for a poultry operator. Roger Turner asks if this would be a possibility if private and grant funds were obtained. The line would need to extend approximately 3-3 ½ miles. Mitch Jones says that if we have it engineered and check with the right of ways needed, that it can be done. Roger Jones informs that it would have to go through CWA engineering service, EIS, and that we can get Roger Turner the information to this company. Roger Jones does inform him that this line does have problems and that our first responsibility is to the existing line and customers. Roger Turner informs that this new line would service about 8 families. Roger Jones states that it may be something that would need to be left up to the rate payers and possibly let them vote.

Motion was made by John Henderson to adjourn, se	econd by Roger Jones.
